

Halal Flavour Range – Beverages

Across the world today there is a need for a wide range of food and beverages to be Halal certified or suitable.

This flavour range has been developed with this in mind and complements the 500+ Halal certified products we offer for use in the food and beverage industry.

Application Information

Produced using Propylene Glycol in place of ethanol as the carrier solvent, the dosage ranges from 0.05 – 0.1%*. These flavours are perfect for:

- Adding natural citrus flavours to juices
- Flavoured waters
- Carbonated and non-carbonated soft drinks
- More beverage options tbc

Dosage rate dependent on application.
